RESIDENT AED/CPR TRAINING CLASS REGISTRATION REQUIRED!
The ParkShore has two AEDs (Automatic External Defibrillators) on site at the property in case of emergency. One is located in the Health Club and one is located at the Front Desk. The Association is again offering an AED/CPR training class to residents who may wish to participate and receive training for AED/CPR (Cardiopulmonary Resuscitation) certification. The Association will sponsor the cost of the training, but class size is limited and advance registration is required to take the course. The training class is scheduled for:

SATURDAY
FEBRUARY 16, 2013
10:00 AM – 12:30ish PM
in the
1st FLOOR CLUB ROOM

The class takes approximately 2½ hours, and rewards participants with a 2-year AED/CPR certification. If you are interested in taking the course, you must register in advance with the Management Office. Please contact the Office at your earliest convenience to register, and no later than Wednesday, February 13, 2013. The instructor does need notice to bring enough equipment for each participant, and registrations will be accepted on a first-come, first-served basis. We hope you will take advantage of this convenient class and want to participate in this life-saving training opportunity. The more AED/CPR trained people we have in our community, the better for all of us. Please call the Office ASAP to reserve your spot in class!

BOOK CLUB for FEBRUARY

$1 MILLION LIABILITY INSURANCE REMINDER
All homeowners are aware that the Association requires liability insurance in the amount of $1 million. To make your life easier, owners are encouraged to contact your insurance agent and ask to list The ParkShore as an additional mailing address. Your policy will be mailed to the Management Office automatically at the time it renews, so you don't have to worry about bringing a copy into the office every year. This action will also help you avoid fines should proof of your insurance not be submitted to the Management Office.

CONGRATULATIONS, PARIS!
After over 3-years at The ParkShore, and obtaining her Community Association Manager License and the CMCA designation, our former Assistant Manager Paris Flores has moved on to manage her own building! She accepted a position as the Property Manager at another building in the Community Specialists family of managed associations. It has been a pleasure to work with Paris these past years, and we wish her well with much success and happiness in her new endeavors. Congratulations to Paris!

RECYCLING OPTION REMINDERS

The Association continually works with its scavenger vendor to offer available recycling options to residents. We take this opportunity to remind you that you may recycle paper, aluminum and metal cans, #1 and #2 plastic and some limited glass in the following ways:

THE “BLUE BAG DOWN THE CHUTE” OPTION: Residents may recycle by placing items in blue bags, securing the bags, and depositing those secured blue bags directly into the trash chute. You may recycle the following items:

**BLUE BAG CATEGORY 1: PAPER ITEMS**

- Junk Mail, Office Paper, Colored Paper, etc.
- Magazines, Catalogs, Phone Books, Computer Paper, Newspapers & Inserts
- Shredded Paper
- Cardboard (must fit in bag; can be cut up)
- Chip Board (Cereal Boxes, Tissue Boxes, Paper Towel & Toilet Paper Rolls, etc.)

**BLUE BAG CATEGORY 2: NON-PAPER ITEMS**

- Metal Products (please rinse out & remove labels)
  - Aluminum Cans
  - Tin/Steel & Bi-Metal Cans
  - Food & Beverage Cans
- Plastic Products (please rinse out & remove labels, dispose of caps)
  - Liter Pop Bottles
  - Milk, Water & Juice Bottles
  - Liquid Detergent, Fabric Softener, Bleach & Shampoo Bottles

NOTE: No Anti-Freeze, Oil or Petroleum containers of any kind!
No Glass in Blue Bags down the Chute!

Recycling blue-bags are available for purchase at some locations; sometimes at Jewel and Sam’s Club. The Management Office does stock a small supply of starter bags for this program. You are welcome to stop by the Office if you would like to pick up a few blue bags until you have the opportunity to purchase your own. 😊

THE “DEPOSIT PAPER IN THE CHUTE ROOM CONTAINER” OPTION CONTINUES: Residents are welcome to continue placing newspaper, office paper, junk mail, magazines, catalogs, etc. in the designated recycling containers located in the Chute Room on each residential floor. Please DO NOT place plastics or metals in the Chute Room recycling containers, as that may result in unwanted pest-guests on your floor. If you’d like to recycle shredded paper, please use the blue bag down the chute option, or bring bags of shredded paper to the P4 recycling area.

THE “BRING IT DOWN TO P4 YOURSELF” OPTION: For those residents who do not utilize the blue bag option and prefer to be a bit more “hands-on” in their recycling efforts, there is a recycling station on P4. You may take the Freight or Service Elevators to P4, exit to the left down the stairs, turn left at the bottom of the stairs and enter the recycling area through the green double doors to place recyclables in designated containers. This option is open and available to residents at all times. The materials listed may all be recycled in this location. You will find containers for paper, co-mingled plastic and metals, and clear glass. Happy Recycling!
