A New ParkShore Club

There are many wonderful people at The ParkShore. And.... although we say hi in the elevator, and ask about the weather, and wish each other a good day..... some of us would like more. Some of us wondered if we could be part of a social club at the ParkShore. So we are sponsoring a Meet and Greet activity, open to all residents.

Wednesday, November 15. 6:30 PM - ?

First Floor Club Room

Four activities:

Eat Chili – made by ParkShore’s own Russ Fahrner - Watch the Blackhawks - BYOB - Meet and Greet

Can we begin to know our neighbors a little better? Drop by, have some chili, drink a beverage and lets meet and greet. Ice, cups and utensils provided.

Interested in a Smoke-Free Building?

Everyone deserves to breathe clean air, especially at home. In a multi-unit building, 35 to 65 percent of the air in any given unit is shared air from other units and common areas. No air ventilation system or air purifier can remove all of the toxins found in cigarette smoke, so residents are breathing in what their neighbors are breathing out. Living in a building where smoking indoors is allowed increases the risk of heart attacks, stroke, lung cancer and early death. Going smoke-free doesn't mean that you prohibit smokers from living in your building; it simply means that smoking is not permitted in any indoor units or common areas. Contact Info@ParkShoreCondo.com to share your support.

Thank-you for your consideration of this important matter,
